GX Disc Publisher

Make Professional Discs with the GX Print & Burn Station

Easily design labels, record, and print directly on the disc! With a 50-disc capacity, high-speed CD/DVD combo drive, integrated inkjet printer, and small desktop footprint, the Microboards GX Disc Publisher is perfect for businesses and organisations requiring short runs of professionally-finished discs. Anyone can benefit from its innovative design and low price point. Set up multiple jobs of any quantity, walk away, and leave the GX to do the rest! Burn virtually any DVD or CD format, including dual layer. Controlled from your PC or Mac over a single USB 2.0 cable, the GX is an all-in-one production package.

The GX Disc Publisher is the entry-level disc publisher from Microboards. Its small desktop footprint makes it ideal for any office.

Creating professional CDs and DVDs is easier than ever before using the all-new Microboards PrintWrite® software for Windows 2000, XP, and Vista, and Charismac Discribe for the Mac. Or create and import your own artwork from Photoshop® or other graphics applications. Printing full-colour, full-coverage is low cost.

GX Disc Printer

The GX Disc Printer provides the most economical solution in the industry for printing individual discs. The single-disc input makes the GX Disc Printer perfect for quick jobs on the run. Using the same great print engine and Vivera inks from HP, print full-colour, full-coverage at a low cost.

With a small footprint, the GX Disc Printer fits easily on any desktop. Using a USB 2.0 cable, connectivity to your Mac or PC is effortless. Included is SureThing label design software, ideal for creating professional discs.

GX
DISC PRINTER

GX Auto Printer

The GX AutoPrinter is the latest innovation from Microboards. Using the same trusted print engine and maintaining the same great look of the GX Disc Publisher, the AutoPrinter uses the vibrant Vivera™ inks from HP, giving your discs sensational, long lasting colour.

The GX Auto Printer features a 50-disc capacity with Microboards' patented disc singulation technology. Insert 50 CDs or DVDs, walk away, and let the GX AutoPrinter do the rest.

SureThing™ disc labeler software for the PC is included.

GX
AUTO PRINTER

GX Ink Cartridge

GX-300-HC

The GX Disc Publisher, GX Auto Printer, and GX Disc Printer all use the GX-300-HC tri-colour ink cartridge.

The original GX-1 Disc Publisher uses the GX-200-HC cartridge.
